PRODUCT CATALOG SPRING 2019

Driven by better sound.

We don't think of ourselves as an audio company — we're an idea company. And it's our passion for the details that makes big things happen. Details like the precise arrangement of microphones in our wireless noise cancelling headphones. Details like the proprietary technologies that let us pack big sound into small speakers, so you can take your music to places it's never been before. In the words of our founder, Dr. Amar G. Bose, we “always dream of things that are better, and think of ways to reach those things.” That's what we do — we never stop imagining how to outperform what has come before.

A pair of black Bose noise-masking sleepbuds shown inside their circular carrying case. The buds are white with black tips and are positioned in the two ear loops of the case.

**BOSE NOISE-MASKING
SLEEPBUDS™**

Bose technology for better days. And nights.

For years, we've developed innovative, high-performing products that help get you closer to your music and home entertainment. But we've always been more than our headphones and speakers. Our long-standing mission is to create products that improve people's lives.

And with Bose Hearphones™ and Bose noise-masking sleepbuds™ we're introducing the first of many products designed to help you live a better, more fulfilling life.

NEW

BOSE NOISE-MASKING SLEEPBUDS™

Snoring partners, traffic, and other noises keeping you awake? Bose noise-masking sleepbuds™ are engineered to help you get the rest you deserve. They effectively drown out noise and replace it with soothing pre-loaded sounds. Plus, they're super comfortable and made to stay in place, even if you sleep on your side.
