

Bose Noise Cancelling Headphones 700 UC, Now Certified for Microsoft Teams

Innovative Bose Sound Technology Enables People to Work Better, Wherever

FRAMINGHAM, Mass. — June 18, 2020 — [Bose Professional](#) announced today the Bose Noise Cancelling Headphones 700 UC are now Certified for Microsoft Teams. This means Microsoft customers have the added assurance that the Bose NCH 700 UC provide the high-quality experience and compatibility they require for use with Teams. The NCH 700 UC equip users for better collaboration in the workplace and beyond, whether in a cubicle, open office, home office and everywhere in between.

Today, collaboration is about working together through technology, not being hindered by it. With the NCH 700 UC, the adaptive microphone system helps you turn any space into a meeting place, isolating your voice so you sound clear and intelligible. The 11 levels of noise cancellation let users personalize what is heard from the surrounding environment — from virtual silence to open and ambient. The included Bose USB Link Bluetooth® module provides a reliable wireless connection to quickly answer calls and easily switch between audio sources.

“We’re thrilled to deliver such a powerful, adaptive device that’s Certified for Microsoft Teams,” stated Martin Bodley, director and global head, Bose Work at Bose. “With Bose Work, we continue to deliver technology to support the way we work, where we work. The NCH 700 UC deliver the audio quality and connectivity so you can focus on what’s important.”

Ilya BuxshTEYN, partner director, Microsoft Teams Devices at Microsoft Corp. said, “Today users are looking for a variety of devices for their communication and collaboration needs, and our goal is to make sure they always have the right device for the right space: at home, on the go, at work and everywhere in between. With Certified for Microsoft Teams devices

like the NCH 700 UC, customers have trusted solutions that deliver a high quality experience for Teams meetings and calls.”

With the Bose Noise Cancelling Headphones 700 UC, you can stay focused, minimize distraction, collaborate with confidence — wherever you are.

U.S. preorders for the NCH 700 UC will begin in July, followed by international preorders. For more information, please visit PRO.BOSE.COM/NCH700UCcertification.

About Bose Corporation

Bose Corporation was founded in 1964 by Dr. Amar G. Bose, then a professor of electrical engineering at the Massachusetts Institute of Technology. Today, the company is driven by its founding principles, investing in long-term research with one fundamental goal: to develop new technologies with real customer benefits. Bose innovations have spanned decades and industries, creating and transforming categories in audio and beyond. Bose products for the home, in the car, on the go and in public spaces have become iconic, changing the way people listen to music.

Bose Corporation is privately held. The company’s spirit of invention, passion for excellence, and commitment to extraordinary customer experiences can be found around the world—everywhere Bose does business.
